EXPERIENCE

EX LAMP Stack

Self Learner | 2013 – Present

- Started as a frontend developer at the same time blogging & SEO. Quickly jumped to PHP. 2016 started freelancing Wordpress & custom PHP sites. 50+ 5 stars reviews. 3 months in a startup company as a LAMP Stack

MERN Stack | 24 July 2021 – Present

- Switched to MERN stack and here I'm. Loved React/Next JS

MERN PROJECTS

Horoscope Checker [REACT]
Component UI [REACT]
Youtube Comments Analyst[NEXTJS]
Auto News Blogging [NEXTJS]
99 Chatroom [EXPRESS]
Code & Demo on fahimzada.com

GOALS

Mastering Next js I loved it also it is a full stack framework with outstanding performance with Vercel
Mastering mongodb
Building few more complex projects with express, pug, mongodb

EDUCATION

Computer Science
